***Supplies will be COMMUNITY STYLE (meaning that all extra supplies will be collected at the beginning of the year and made available to EVERY student when their pencil box is getting low). ***

Just a quick note... At the beginning of the school year, you can really get good prices on school supplies. Around December, the children start running out of items that they use on a daily basis (crayons, glue, pencils, erasers). If you buy more than you need right now, you can save those items and use them later.
