Hatchet by Gary Paulsen is our first novel. Most children like to have their own copy so they may annotate their text. It is NOT required! You can find good deals over the summer on books, even at yard sales sometimes. Electronic downloads work too, as long as you are comfortable with your child bringing that in.

\*Most supplies will be put into a community use collection.

\*If you have any extra decks of playing cards to donate please send them in, we use them for math games.
