IMPORTANT INFORMATION

For Parents/Guardians and Health Care Providers

1. Please give your child any needed treatment at home if at all possible.
2. It is recommended that the first full day's (24 hours) treatment be given at home. If unsure, follow the recommendation of the health care provider about attending school during the first 24 hours.
3. Parent/guardian responsibilities:
 - a. Provide and maintain all equipment and supplies for the duration of the treatment order.
 - b. The parent/guardian must provide new supplies prior to the expiration date(s).
4. The parent/guardian or student may demonstrate how to administer the treatment to the staff person who will monitor or administer the treatment and provide information regarding potential adverse effects.
5. Student Self-Administer Treatment:
 - a. The health care provider and registered nurse must indicate whether the student is competent to self-administer treatment, if needed.
 - b. If competent to self-administer, the registered nurse will work with the student and parent/guardian to develop guidelines to self-administer feeding and include guidelines in the student's individual care plan.
6. The registered nurse must review and approve the form prior to administration.
