

Welcome Back Barbara Ingram Students, Parents, and Guardians!

2021-2022

Welcome back BISFA Families! A special welcome to our new incoming students! We are very excited to begin our 13th year and even more excited to get everyone back in the school and begin to create! As one of the top schools in Maryland, our mission remains to give all students a rigorous, comprehensive, academic program rooted in a pre-professional arts philosophy.

*The first day of school is Monday, August 30. We have scheduled our **Back to School Night** for students and families to learn more about the workings of our school and changes for the coming year, including specific information on the procedures used by each department, as well as the Barbara Ingram Foundation. **Student schedules will be distributed and important updates will be shared.***
